

LATEX GLOVES

We are a growing business in the supply and distribution of high quality latex gloves.

We can guarantee that our gloves have been independently tested and accredited to ensure that glove safety for worldwide use. All of our processes are developed and engineered in house, with the safety of our customers as our main priority. We stand as the best choice for global sourcing in the highly competitive industry of safety gloves manufacturing.

LESS WASTE, MORE VALUE

By buying in bulk, you lower the cost for each unit. Frequent buying in smaller quantities can be much more expensive. Less packaging is used than typical gloves. That is reducing 1.4 tons of waste per year if you use 25 cases each month!

These Latex gloves offer protection against bacteria and viruses, and other unwanted substances with puncture resistant strength!

LATEX GLOVES

Our **Latex Gloves** are an excellent choice for a wide range of tasks and professions such as dentistry, medical and clinical tasks, tattooists, hairdressers, and beauticians. They are great in dealing with water-based materials. It is **made from Natural High Grade Rubber Latex** providing comfortable natural fit, even after long hours of use with protection against bacteria and viruses. Offered in mint and vanilla flavor.

Quality Standards

- Conforms to ASTM D3578 and EN455 Standards
- Manufactured under QSR (GMP), ISO 9001:2015 and ISO 13485:2016 Quality Management System
- Using USP grade absorbable cornstarch for powdered glove

Latex gloves are very tactile which are preferred for sensitive applications like surgery.

Latex gloves are the best choice when dealing with biological and water-based materials.
